## Quality Policy

18/09/2017

The following objectives confirm Sime Building and Construction's commitment to quality:

- ◆ Continual improvement of the organisations overall performance;
- ◆ Creating and maintaining an internal environment in which people are fully involved in achieving the organisations objectives;
- ◆ Consistently deliver quality products relating to Sime Building and Construction's activities;
- ◆ Our Integrated Management System meeting the requirements of AS/NZS ISO 9001, AS/NZS 4801 and AS/NZS ISO 14001;
- ◆ Meeting client expectations in terms of time, cost and quality; and
- ◆ Developing positive perceptions and confidence in the marketplace.

This Policy relies on the following principles:

- ◆ Active participation, cooperation and dedication of everyone in the Company;
- ◆ All employees will be provided with and be made aware of their quality assurance activities and obligations;
- ◆ Aim for best practice levels;
- ◆ Company operations, decisions, plans and actions will be conducted in accordance with this Policy; and
- ◆ Review the efficiency of construction, minimising risk, time and cost over-runs.

It is Top Management's fundamental beliefs that the Integrated Management System will not only increase client satisfaction, but it will also enhance the Company's long term productivity and competitiveness through continual improvement of management, construction, delivery and maintenance processes.

David Sime  
Director
